Rec'd 11/14/73

Dear Ralph:

The MRL directors decided against merger of the OB with MISSIOLOGY, at least for the time being. The announcement of a merger which appeared in a recent issue of the OB was a "Fluke." I think they want to wait and see 4-8 issues of MISSIOLOGY BEFORE ~~XXXXXXXXXXXX~~ committing themselves.

It is indeed distressing that our subscribers will be lucky if they get the April issue of MISSIOLOGY by Christmas. Could a "note" be inserted into No. 3 explaining that this is due to an "act of God" and not the fault of the editor? Could you rush me some copies of No. 2 as soon as they arrive? Also, I am almost out of stationery. *sent 11/17/73 em*

I think it is very important under the circumstances, as you suggest, to send a special newsletter to the chartermembers, explaining once again the understanding about \$10 contribution for chartermembership, plus \$8 for subscription, and explaining the delay in publication of the ~~xxx~~ journal. Also, very important, in this newsletter please give preliminary announcement about the next ASM meeting, June 7-9 at Wheaton College. You could get some preliminary details about the program from Walter Cason in Naperville. The program committee has met twice and has the outline of the subjects and sessions.

I have an article coming out soon in CHRISTIAN CENTURY on "A Moratorium on Missionaries?" that may be of some interest to you and your colleagues.

This year at Cornell is a real tonic!

Warm regards,

GERALD H. ANDERSON
